

Mr. Wallace
Isn't the Whole
American Team

Henry A. Wallace in the course of his campaign for president made a New York speech May 11 in which he addressed an "open letter" to Josef Stalin suggesting a co-power agreement to end the cold war between Russia and the United States.

Yesterday the Russian dictator said if the United States were willing he would agree to use Wallace's "open letter" as a basis for treaty talks.

But the United States isn't willing.

Henry Agard Wallace is just one of millions of private citizens with no voice in nor responsibility for American foreign policy.

America knows no particular reason why we should trust Wallace in his attitude toward Russia, any more than we trust Stalin in the latter's attitude toward America.

Wallace couldn't get along with his associates in the cabinet, and so that he is a private citizen he can't get along with the stated policy of the two major political parties.

It is one thing for Americans to care among themselves, but Wallace has gone out of his way to do a vainglorious and dangerous thing: He has undertaken to overrule the judgment of his nation's elected officials.

Arkansas: Partly cloudy this afternoon, tonight, Wednesday. Not much change in temperatures.

Surrender of Acre Claimed by Jewish Army

By The Associated Press
Jews said the old walled city of Acre surrendered unconditionally today after a 72-hour street battle. Hagana, the army of Israel, had claimed 4,000 Arabs were trapped in the northern Palestine town, just over the boundary from the new Jewish state.

The Jews claimed also to have drowned 500 Arabs, including troops from armored columns, by opening a dam just south of Gallilee.

Light bombers attacked Tel Aviv for the fourth day running. The 45-minute raid was the longest yet, and more bombs fell than before.

The Arabs said numerous fires were started there yesterday. A Beirut broadcast said Egyptian and Trans-Jordan troops had made a junction at Lydda, 20 miles southeast of Tel Aviv. A few Saudi Arabian soldiers were said to have joined the Egyptians. Other successes were claimed by the Arabs in north and south Palestine, on the ground and aloft.

Hagana, the Jewish Army, said the Arabs had started a massed attack on the Jewish quarter of the old walled city of Jerusalem. British sources said the Arabs captured Barclay's bank and Darout's hotel in the old walled city. The situation in Jerusalem was confused by lack of communication. Egypt declared what amounted to a blockade on Israel.

Russia recognized Israel. The United States and Guatemala had done that earlier. Russia also agreed with the United States that the United Nations should stop the war in Palestine. It was the first accord there between the world's two greatest powers since 1917. The unanswered question is how the U. N. can halt the strife.

To the east, Jewish sources in Haifa declared 500 Arabs were drowned when Jews opened a dam and flooded plain lands south of the Sea of Galilee.

The Arabs said by light bombers just after dawn, for the fourth straight day. The 45-minute attack was the longest yet upon the city. The Jews said they shot down one of the attacking planes and damaged another.

Hagana said one of the attacking planes crashed near Rehov, 15 miles southeast of Tel Aviv, and was taken into custody by two Jewish soldiers. They said the plane was piloted by an Egyptian air force pilot officer. In the first day of air raids Saturday, the Jews also had claimed capture of an Egyptian pilot.

A Baghdad dispatch said Iraqi troops under Prince Regent Abdullah captured Kaukab El Hawa settlement, three miles inside Israel territory from the Trans-Jordan border and three miles south of Geshem. The settlement, on a railway, was part of the reinforced concrete line built by the British Army during the last war and called the Eden Line, the dispatch said.

A Cairo dispatch said Arab fighters led by Hassan Salama repulsed a Jewish attack on Ramle, three miles south of Lydda airport, and captured some weapons and 15,000 rounds of ammunition.

Several writers have made the same suggestion. Henry Wallace, who said that if he were president, that's what he would do. Speaker Martin has volunteered to meet Premier Stalin and talk things over as one Joe to another.

One of the innumerable questions is whether the subjects next year will be taken into the military assignment. He wisely answered that no one less than the President, authorized to speak for the people of the United States, should tempt such a conference.

And there are Washington correspondents who have said with assurance—though without offering proof—that Mr. Truman turned down an offer from Mr. Stalin for meeting in Stockholm last winter. There is, as we said, no proof for that. But if that were the case, he should say that Mr. Truman acted wisely, and for two reasons.

First, we would have had at that time no existing or assembling military strength to back up an insistence on the demand for a reasonable compromise. We do not have such strength now, though there are signs that we may regain it. And Mr. Stalin obviously is not the sort to be turned aside by moral indignation or appeals to friendship and his better nature.

Second, Mr. Stalin and his government cannot be trusted to carry out an agreement, even though the Soviet dictator might be bland and agreeable with Mr. Truman, as he often is with American visitors. It may sound pessimistic and cynical, but the record is there.

It used to be said during the war when people were looking for all the nice things to be said for our Russian allies, that the Soviet government had never taken a military agreement. That statement seems to hold good today—but only as regards military pledges.

The Russian government has broken diplomatic pledges given at Yalta and Potsdam. It has met promises with argument, evasion and delay and, if all else failed, will renege.

It would be folly to assume the Soviet government does not have a plan of action, peaceful or otherwise, for every contingency.

Soviet Woman Exploits Sergeant

Mrs. Galina Dunayeva Bionish, left, is the Soviet agent who the U. S. State Department says lured Sgt. James M. McMillin, 21, of Boulder, Colorado, from his post at the U. S. Embassy in Moscow. She is the wife of T. Sgt. John Bionish, right, of Binghamton, N. Y. He married her in 1945 when he was serving at the embassy. Bionish is now serving at Fort Riley, Kansas, and is apparently unaware of his 22-year-old wife's espionage duties.

Soviets Blame Politics and Washington Blames Passion for Sergeant's Desertion

By AUSTIN C. WEHRWEIN

Washington, May 18 — (UP)—Moscow and Washington failed to agree again today — this time on whether it was passion or politics that led a young U. S. Army sergeant to desert his post at the American embassy in the Russian capital.

Tass, the official Russian news agency, claimed that Sgt. James M. McMillin, 21, decided to stay in the Soviet Union as a protest against the "anti-Soviet politics of capitalism." The Soviet official said the sergeant, who was captured by American forces, was a "patriotic" American.

American officials snorted and said the reason was bland and not ideological. The sergeant, they said, was simply "seduced" by a Soviet ballerina whom they described as an "experienced" Soviet agent and his secret lover.

Rather than return to the U. S. as ordered on May 15, they said, the young McMillin simply packed his things and made off with the lustful Galina.

He was motivated not by any political ideas such as communism, these officials said, but by youthful, inexperienced infatuation.

According to Tass, McMillin, son of a regular U. S. Army colonel, advised the mayor of Moscow that he had decided "the future belongs to this country where developments in culture and science are used for all the people."

"Obviously," he purportedly wrote, "it was clear long ago to capitalists that such a political system where everything belongs to the people presented a great peril to them. Only this can explain the ferocious attacks against this country by American capitalists."

"As a protest against the anti-Soviet politics of capitalists who presently rule America, I refuse to go back to America and am remaining in the Soviet Union."

The United States does not intend to ask the Soviet government for his return. But if he does come back he will face court martial for desertion.

Two former army sergeants who were stationed in Moscow with McMillin backed up the American position that it was Mrs. Bionish and not Karl Marx who kept the young man.

In a copyright interview with the Washington Post, Paul F. Beatty, McMillin's former roommate in Moscow, said the sergeant fell in love with "Galina" after her husband was transferred to the United States.

Beatty, now employed by the State Department here, told the Post the girl kept McMillin constant company when he was not on duty, even cooking his meals. As the affair went along, he said, McMillin grew extremely jealous and was frequently given to sulking.

Alex Timm of Passaic, N. J., who also knew McMillin in Russia, told the Post Mrs. Bionish was an enchantress whose sex appeal was but a cover for her cleverness.

Galina Okay—Bionish
St. Riley, Kans., May 18 — (UP)—An army sergeant declared today that life with his Russian wife was by no means "a fate worse than death" — no matter what the U. S. Department of State says.

Tech Sgt. John Bionish, of Binghamton, N. Y., a student in the army ground general school center here, said he was "surprised and chagrined" that the department labeled his wife, Galina Dunayeva, a seductive Soviet spy.

"She's beautiful," he admitted, "but in the eight months I lived with her, she gave no indication she was even interested in the Communist government."

The State Department said she is very much interested. It called a special news conference Sunday night to reveal that another army sergeant had deserted.

System Gamblers Reported to Be \$39,000 Ahead

Las Vegas, Nev., May 18 — (P)—Three non-stop gamblers rode a phenomenal winning streak today and reported they were \$39,000 ahead on Las Vegas roulette wheels.

The trio, believing each other in continuous play since May 10, are Jack Cortez, 32, of New York; Roy Walford, 23, San Diego, Calif.; and Albert Hibbs, 23, of Chillicothe, Ohio.

Their play attracted large crowds. Some bystanders cashed in on the trio's system" of consistently playing number one.

One spectator who began with \$3 in nickel chips cashed in \$3,000 yesterday.

The trio gradually had raised the amount of their bets to \$25 on each spin but late yesterday reduced it to \$5. Walford said the change was "part of our system."

The club management began to show signs of concern but insisted it wouldn't change the wheel unless the players requested.

Dewey and Stassen Claim Debate Title

Portland, Ore., May 18 — (UP)—Both Gov. Thomas E. Dewey of New York and former Gov. Harold E. Stassen of Oregon claimed victory today in their radio debate on a proposal to outlaw the Communist party.

But supporters of the two candidates for the Republican presidential nomination and listeners who heard the broadcast said it was a draw.

Stassen seemed to abandon his stand for a complete outlawing of the party in favor of the Mundt-Nixon bill which would make it unlawful to attempt in any manner to establish a totalitarian dictatorship in the United States.

Dewey said the Mundt-Nixon bill "does not outlaw communism" and is perfectly harmless. He did not say that he would support the bill.

The New York governor said that by advocating the bill, Stassen "surrendered and is no longer in favor of outlawing the Communist party."

Stassen countered that "if Gov. Dewey will agree to the Mundt-Nixon bill, I will be satisfied that we are agreed that communism is outlawed."

When Dewey pronounced the bill perfectly harmless, but failed to endorse it, Stassen claimed the New York governor "sort of walked around" the question.

When it was over, the debaters shook hands three times for the benefit of cameramen and photographers and agreed on at least one point.

"That was quite a discussion," Stassen said.

"It sure was," Dewey replied. "The two presidential aspirants debated before a 'live' audience of less than 100 persons, but their arguments were carried over approximately 900 outlets to an estimated 40,000,000 listeners."

With no judges to hand down a decision, supporters of both candidates on Friday for an indication of this state's reaction.

Seeks Office

Henry B. Whitley
Henry B. Whitley, Magnolia attorney, today announced his candidacy for congress. He issued the following statement:

To the citizens of Hempstead county:

I am a candidate for Congress in the coming primaries. For many years have lived among the good people of Columbia County, the last nineteen years in Magnolia.

I was born in Lamar County, Texas, March 4, 1901. My father passed away when I was a small boy. Shortly after the passing of my father, the family moved to the southern part of Columbia County, Arkansas. Since then I have been making my own decisions in the struggles of life.

During my youth I worked at all kinds of farm work, cut logs, worked at sawmills, cut cord wood; in fact, I did all types of work that was available in the community.

In preparing for my chosen profession of law, I attended Magnolia A. & M. College and the Law Department of Cumberland University, Lebanon, Tennessee.

I was admitted to practice law before all the courts of Arkansas September 30, 1929.

In November, 1929, I began the practice of law at Magnolia, Arkansas, and have been so engaged since, except the period spent in the Army in the recent war.

As a student in the Magnolia A. & M. College, I enlisted in the local National Guard Company, and served as a private, corporal, sergeant and finally as captain.

I was discharged with the rank of sergeant at the end of my three-year enlistment term. Upon returning to practice law at Magnolia, I accepted a commission in the National Guard and Reserve, and am serving with the local National Guard Company when the call came for mobilization December 23, 1941, therefore, I entered the

Conviction of Lewis and UMW Dismissed

Washington, May 18 — (P)—The civil contempt conviction against John L. Lewis and the United Mine Workers was dismissed today at the government's request.

Federal Judge T. Alan Goldsborough, however, took under consideration a government request to end the anti-strike injunction against Lewis and the union.

Goldsborough said the plea for contempt of the injunction came as a surprise and he was not prepared to rule on it immediately.

Goldsborough added he is not convinced that there is no danger of a new coal strike.

The injunction was issued by Goldsborough April 21. It replaced a temporary restraining order of April 3.

It was obtained under the Taft-Hartley act to end a six weeks coal strike, touched off by a union drive over pensions for elderly miners.

In seeking the dismissals, Attorney General Tom Clark informed the court the government felt the pension dispute is being handled appropriately, that the miners are at work and the "public interest" is secure.

Lewis and the union were convicted of both civil and criminal contempt for disobeying the original restraining order against the work stoppage.

Goldsborough fined Lewis \$20,000 and the union \$1,400,000 April 20 on the criminal contempt charge but put off any penalty on the civil contempt conviction.

Goldsborough quickly agreed today to drop the remaining contempt proceeding after Assistant Attorney General H. Graham Morrison requested it on behalf of Clark.

It was when Morrison asked dismissal of the injunction, Goldsborough said sharply:

"You'll have to give a very good reason for that sir."

Morrison argued that the aim of the court order to get the mines in full production — had been achieved. Therefore, he contended, there was no use in continuing the 80-day injunction.

Goldsborough said he appreciated that the government wanted to show "no animosity" against Lewis and his union, but he said he is not convinced the pension dispute is settled.

The court doesn't think there is any force at all in the government's statement," Goldsborough interrupted at one point in Morrison's arguments.

However, Goldsborough said he would study the matter and give a decision later.

The court action came as Lewis and the soft coal operators began talks on a new contract to replace the present agreement expiring June 30.

Apparently, the court moves are aimed at removing the government from any connection with the contract negotiations.

Speaking for Clark, Assistant Attorney General H. Graham Morrison told Goldsborough:

"The sole interest of the United States in this entire proceeding has been, and continues to be, the protection of the public interest in uninterrupted production of bituminous coal, a vital and basic factor in the economy of this nation."

"It now appears that the dispute which gave rise to the concerted walkout of the miners in this case has been appropriately submitted for legal adjudication; that the miners are back at work; that bituminous coal is being steadily produced; and that the public interest in this case is secured."

The six-week-long work stoppage started March 15 in a dispute over pensions for retired miners. Lewis and Senator Bridges (R-NH) drew up a compromise providing \$100 monthly payments for union members 65 years old or more with 20 years' service.

Lewis is the union's representative on the miners welfare fund and Bridges is the neutral trustee.

The Lewis-Bridges plan was promptly challenged by Ezra Van Horn, operators' trustee. He sued to block payments contending it was an illegal scheme.

Auto Workers Give Notice of Pending Strike

Detroit, May 18 — (P)—A formal 10-day notice that a strike is pending for 225,000 General Motors employees was filed today by the CIO United Auto Workers.

The union sent a letter to that effect to the State Labor Mediation Board as negotiations continued in an effort to head off a second major walkout in the auto industry.

A strike of 75,000 Chrysler employees went into its seventh day without further violence on picket lines similar to incidents yesterday that brought out state police.

A CIO-UAW official yesterday posed a threat to strike some 90 General Motors plants May 28 unless a new contract is agreed to by then.

These other developments colored the auto-labor picture: Official action by Michigan authorities to test a state labor law in the Chrysler strike. The union immediately blocked such a move by obtaining a circuit court injunction.

A truce reached by the UAW and Chrysler permitting white collar workers to enter the company's Kew-Forest plant and issue overdue paychecks for the strikers' last 10 work weeks.

The second court injunction issued against the UAW, restraining picketing at the Marysville, Mich. plant.

Some 75,000 Chrysler workers walked out at 10 plants across the country last Wednesday, demanding that the company add 17 cents to their \$1.50 hourly wages. The UAW-CIO originally asked 30 cents more per hour, but slashed the demand on the eve of the strike.

Chrysler workers in Kew-Forest came here yesterday to oversee state troopers he had sent into suburban Highland Park to quell fighting and rock-throwing since an announcement that the state capital in Lansing, Attorney General Eugene F. Black issued his first orders to bring the Bonine-Tripp labor law to a test.

Noting UAW officers had failed to conduct a state strike vote before the walkout, he ordered Prosecutor James McNally of Wayne county to determine "who was responsible for the current Chrysler strike and to enforce the provisions of the state legislation."

Buildings on Berry Place Up for Sale

Officers of the Presbyterian Church will receive sealed bids for two buildings and a vacant lot on Berry place on South Main Street. Bids will be opened on May 28.

The church officers reserve the right to reject any and all bids. The purchaser will be required to remove property within 30 days after a deal is made.

Bids should be mailed to C. C. Lewis at Lewis-McLarty, Inc., Hope Ark.

Mrs. S. D. Cook Dies at Home Near Hope

Mrs. S. D. Cook, 58, of near Hope, died at 8 o'clock Monday afternoon. She was a teacher and member of the First Baptist Church of Hope, UDC, an officer of the Gardenia Garden Club and member of the Home Demonstration Club.

She is survived by her husband; three sons, Sterling of Detroit, Mich.; Jim of Texarkana; Tom Pat of Crossett; three sisters, Mrs. Tom Smith of Plain Dealing, La.; Mrs. C. W. Brown of McAdams, La.; Mrs. Alemda Voris of Pine Bluff, La.; and a brother, George Hightower of Jacksonville, Fla.

The funeral service is to be held at 2:30 o'clock Tuesday afternoon from First Baptist church, Hope, with the Rev. S. A. Whitlow, pastor, officiating. Burial will be in Rose Hill cemetery here.

20 Years Ago Today

Knights Templar will meet a Prescott and principal speaker will be Fay Hempstead — Texarkana: Union Station contract was let to Stewart-McGeehe Co., Little Rock for \$1,700,000. County Club tournament pairings: Tully Henry and Ode Stuart; Tom Kinser, N. T. Jewell; Ed McCorkle, Arthur Cornelius; H. E. Hopkinson, S. L. Murphy; Robert LaGrone, Leo Hobbs; Will Orton, R. J. Buckman; Roy Anderson, Edwin Stewart; Dudley Burford, Lyle Moore; Jim Henry, John Barlow; R. T. White, Lon Sanders; Mack Duffin, C. W. Johnson; C. J. Crosvener, B. B. Brown; Brooks Shultz, Chas. Rowland; T. J. Carter, Frances Dawson; Steve Carigan, J. P. Brumledge; Tom Carter, Ed E. Rephah.

Mrs. Wicker Dies at Home Near Cale

Mrs. Lela Wicker, 67, wife of W. C. Wicker, died at her home near Cale, Nevada County, late yesterday.

She is also survived by seven children, Mrs. Lillie Glace, Carl Wicker and Mrs. Mae Loe, all of Prescott, Willie Wicker of Dallas, Mrs. Ethel Hart of Rosston, Arthur Lee and Douglas Wicker of Prescott.

Funeral arrangements are incomplete.

McCLELLAN PALMBERGER
Alexandria, a., May 18 — (AP)—Senator John McClellan of Arkansas served as a pallbearer at the funeral of Senator John H. Overton here yesterday. Senator Overton died last Friday.

Local Men Buy Cotton Picking Machines

Cotton planted to a stand on low uniform beds on land that has decent drainage lends itself to the mechanical cotton picker, say the Hempstead county farm group after inspecting the Delta Branch Experiment Station of the United States Department of Agriculture near Stoneville, Mississippi.

The Hempstead County farm group was headed by Ed Thrash, local International Harvester manager, and consisted of the following: Willie Foster, Robert Garrett, Aubrey Enoch, A. T. Johnson and Oliver L. Adams, County Agent.

The first mechanical cotton pickers for this immediate section are expected to be in operation on the W. E. Cox & Sons, Alston Foster and Aubrey Enoch farms this fall. Each of these cotton producers expect to use the picker in harvesting 200 acres or more of cotton this year.

A large percentage of the cotton of the Delta area will be hill dropped and crossed plowed this year. These practices eliminate hand chopping and lower hoeing requirements. Much of the cotton of the area will be flame cultivated.

On the Experiment Station cultivation is done by the conventional cotton picker. The cultivators on the tractor are adjusted on a concrete slab before the implement goes to the field. The cotton is picked by a large part of the Delta cotton will be fertilized with Anhydrous Ammonia, a raw fertilizer placed at a depth of at least six inches in the soil near the cotton plant at first plowing.

Return to Palestine Home Has Been Life Dream of Head of New Jewish State

New York — (P)—Many years ago a boy was born in Russia who had a great dream.

The boy was a Jew. His dream was that his long-wandering people again would come home to Palestine.

And into his dream the boy poured his whole long life. But the dream a man gives his life to rarely comes true in the way he wants it.

Laney Proposes Constitutional Amendment

Little Rock, May 18 —(AP)— Gov. Laney has announced he will sponsor a proposed constitutional amendment which would cancel legislative authority to impose a tax on real and personal property.

Popular and ballot titles for the proposed amendment have been approved by attorney general Guy E. Williams to fulfill a legal requirement.

If signatures of 15,210 electors are obtained on referendum petitions, the proposal will be voted on at the November general election.

A majority vote for the proposal would mean permanent removal of the state from the property tax field, a step which governor Laney has consistently advocated.

Authority of counties, school dis-

What To Do For That Sluggish, Down-and-Out Feeling

Remember the time when you could eat like a horse, bubbled-over with energy, felt happy as a lark? Was it not because you liked to eat—didn't know what indigestion was, felt strong as an ox? As age advances the "old stomach" and the ever-changing blood need help. Now you must again release vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red blood cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: "no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease."

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood, start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps build sturdy health.

THE SCOUTING TRAIL

The Hempstead District Scout committee met at Hope City Hall Monday evening at 7:30, with Clifford Franks, district chairman, in charge. Reports were heard from Dan Stowers, Elmer Brown, Dewey Baber, and Bill Mudgett. It was brought out that the district now has nineteen Scout troops, cub packs and Senior units, and that several more units are to be organized this year. The total enrollment is now 530 for Hempstead.

The summer camp program was reviewed. Four ten day periods are to be held at Camp Pioneer near Mena. The program is to be designed to make this summer's program the best in the history of this beautiful mountain camp.

The chairman announced that Hempstead district would be represented on the Executive board meeting Tuesday night in Texarkana.

Dutch Palace Damaged by Fire

The Hague, May 18 — (AP)— A fire severely damaged Queen Wilhelmina's Noordeinde palace today, raging for an hour before it was brought under control.

Witnesses said the flames, fanned by a strong wind, probably were started by a torch used by painters, who were burning off old paint on the roof.

The 67-year-old queen and other members of the royal family were not at the palace, built in 1553 and the residence of the Orange dynasty for centuries. It has been used for official receptions only in recent years. Wilhelmina is staying at Het Loo, her summer residence in the country.

A fire broke out about 2:30 p.m. Police reported an hour later that it was under control. Part of the roof fell.

Soldiers carried the many art treasures of the palace to safety under the direction of Prince Bernhard, the husband of Crown Princess Juliana.

Fire brigades from The Hague and its suburbs fought the blaze. Police and troops kept back the crowd.

By mid-afternoon the roof was collapsing. Palace chandeliers fell. Officers and other governmental units to impose a property tax would not be effected.

Daily Bread

Continued From Page One

earth. The evidence is too strong to the contrary. It would be equal folly to trust that Premier Stalin would abandon that plan because of mere arguments or appeals.

Chamberlain sat down and talked things over with Hitler at Berchtesgaden. Chamberlain and Daladier talked things over again with Hitler at Munich. Hitler made a mockery of his pledges in both cases. If, as Winston Churchill points out, the two men had confronted Hitler with the strength that they aroused, alert and prepared nations might have given them the story would probably have been different.

America and free Europe love peace and want peace even more than England and France did in 1938, for they have just come through a war whose horror and destruction make World War I seem pale in comparison. But America is wise enough now to take steps to avoid the mistakes of the complacent Thirties.

When, through expenditure and sacrifice, we have grown strong enough to make the architects of imperialistic communism pause and consider, then it will be time for the President of the United States to meet the Premier of Soviet Russia and arrange the truce that will be the prelude to disarmament and world peace.

Rice Grower Kills Wife, Son and Takes Own Life

Jonesboro, May 18 — (AP)— Louis Hertz, 67, prominent Craighead county rice farmer, his 63-year-old wife and their 22-year-old son, were found shot to death at their home about 10 miles southwest of Jonesboro this morning.

Deputy Sheriff D. C. Wilson said apparently Hertz, despondent over ill health, had killed his wife and son, Louis, Jr., and then himself.

Wilson said Mrs. Hertz and the son had been shot twice and Hertz once. A double-barrel shotgun and five empty shells were found. The bodies were found this morning when an employee on Hertz' 600-acre rice farm went to the house to get his check. Getting no response, he summoned aid.

Wilson said all doors to the house were locked at the time. He added that the shootings probably occurred between 3 and 6 p.m. yesterday.

Coroner W. C. Craig is investigating.

Chicago, May 18 —(AP)— Butter firm; receipts 579,971; prices 1-2 to 1-4 cents a pound higher; 89 score AA 72.25; 12 72.25; 10 B 72.5; 8 C 71; cars: 80 B 72.5; 89 C 71.

Eggs steady; receipts 36,220; prices unchanged except dirties 1-2 cent a dozen higher at 39.

Live poultry steady; receipts 25 trucks; prices unchanged.

ST. LOUIS LIVESTOCK

National Stockyards, Ill., May 18 —(AP)— Hogs, 14,000; active, steady to 25 cents higher than Monday's average; bulk good and choice 170-230 lbs 22.00-25; top 22.25; 240-270 lbs 20.25-2.00; 270-300 lbs 19.00-20.50; 300-350 lbs 17.75-19.00; 350-400 lbs 16.00-17.50; 400-450 lbs 15.00-16.00; sows 450 lbs down 10.50-12.25; fwe 17.50; over 450 lbs 15.50-16.50; 11.00-13.00.

Cattle, 3,500; calves, 2,500; active and strong to unevenly higher on steers and heifers with cows also showing stronger tendency bulls firm; vealers steady to 50 cents lower, the decline on top; good to low choice steers 20.00-22.00; few medium around 19.00; good and choice heifers and mixed yearlings 22.50-33.00; good cows 24.50-26.00; common and medium beef cows 20.00-23.50; canners and cutters 16.00-20.00; good to choice bulls 23.50-25.00; good and choice vealers 26.00-32.00; common and medium 16.00-26.00.

Sheep, 1,200; run included increased number new crop lambs, few of which 30.00; best held up to 32.00 and extremes more; undertone stronger but not enough done to establish market; few old crop shorn lambs 26.00-28.00, latter price for good and choice No. 1 skins; some held above 28.00; aged steady; shorn slaughter ewes 11.00-50.

NEW YORK COTTON

New York, May 18 —(AP)— Cotton futures moved lower in moderate active dealings today. Scattered liquidation was influenced by the slow development in export business under ECA and a lower than expected burst of census report on April cotton consumption. There was a fair amount of liquidation in nearby July and switching in to later months.

The census bureau reported April cotton consumption at 829,730 bales against 878,714 in March and 882,390 in April a year ago.

Late selling carried cotton futures down almost 3 1/2 a bale in the final hour to 31.50 to 32.80 a bale lower than the previous close. July high 37.66 to 36.01 — close 37.02 off 56.

Oct high 24.40 — low 24.04 — close 24.07 off 31.
Dec high 33.75 — low 33.40 — close 33.40-41 off 39-40.
Mar high 33.36 — low 33.07 — close 33.07-10 off 30-33.
May high 33.04 — low 32.74 — close 32.72N off 34.
July high 32.09 — low 31.90 — close 31.84N off 31.
Midling spot 36.49N off 54.
N-nominal.

GRAIN AND PROVISIONS

Chicago, May 18 —(AP)— Short covering in the May corn contract strengthened other deliveries in that grain today. Mill buying in the wheat pit against sales of flour, gave wheat a firm tone.

Oats were inclined to drag during the greater part of the session, but soybeans spurred the 8 cent daily limit, when light offerings in the November contract were encountered.

Cash grain traders said the trading basis for spot corn was unchanged. Bookings on a low-to-average basis were placed at 47,000 against sales of 20,000 bushels.

At the finish wheat was 3-4 to 2 1-2 higher than yesterday's close, at \$2.46 1-2-47. Corn was 1-1/2 to 3 1/4 higher, at \$2.33 1-2-14. Oats were 10 higher to 2 cents lower, May \$1.13 5-8-13. Soybeans were 5 to 8 cents higher, May \$4.20.

Wheat was not reported sold on the spot market today but the basis was called normally unchanged; receipts six cars. Corn was two to five cents higher; basis unchanged to 1-2 cent higher; bookings 47,000 bushels; shipping sales 20,000 bushels; receipts 57 cars. Oats were one to two cents less; basis 1-2 to two cents lower; shipping sales 2,000 bushels; receipts 22 cars. Soybeans receipts were eight cars.

NEW ORLEANS COTTON

New Orleans, May 18 —(AP)— Cotton futures declined here today under profit taking following the long side along with selling on favorable crop reports. Closing prices were barely steady \$1.60 to \$2.50 a bale lower.

July high 37.67 — low 36.99 — close 37.08-09.
Oct high 34.36 — low 34.00 — close 34.00-03.
Dec high 33.73 — low 33.36 — close 33.36-40.
Mar high 33.32 — low 33.00 — close 33.00.
May high 32.99 — low 32.67 — close 32.70.

NEW YORK STOCKS

New York, May 18 —(AP)— A hard-hitting selling drive sent the stock market sliding downward in the last half hour of trading today.

Losses piled up to as much as 3 points. Volume expanded rapidly and for a few minutes the ticker tape lagged one to two minutes behind floor transactions.

Total for the day was around 2,700,000.

Earlier the market had just about held its own, with losses slightly outweighing gains. Many of these gains were wiped out as investors and speculators caused in some of the profits which have piled up in recent trading.

Lower prices were paid for U.S. Steel, Bethlehem, Youngstown, General Motors, Chrysler, Goodrich, U. S. Rubber, Montgomery Ward, J. I. Case, Lockheed, Anaconda, Kennecott, American Can, Westinghouse, Allied Chemical, Johns-Manville, Eastman Kodak, Santa Fe, N. Y. Central, Southern Pacific, Great Northern Pfd., Texas Co., and Union Carbide.

American Telephone and Sinclair did better than most other issues.

Some rail bonds were under pressure.

The ollachan fish is so fat and oily that when dried it can be used as a candle by putting a wick through it.

More Ask UN to Settle Holy War

Lake Success, May 18 —(AP)— Belgium and the Soviet Ukraine joined with the United States and Russia today in demanding firm United Nations to stop the war in Palestine.

None of the other members of the 11-nation security council was ready to debate the issue.

Alexandre Parodi of France, this month's council president, said in view of this the council would have to begin discussing a series of questions which the United States proposed should be sent to the parties involved in the fighting.

The specific proposal before the council is a United States resolution proposing that Jews and Arabs be ordered to stop their war within 36 hours after adoption of the resolution.

Vassily A. Tarasenko, delegate for the Soviet Ukraine, repeated arguments made yesterday by Soviet Delegate Andrei A. Gromyko that the council should act at once on the American proposal.

"A fight is going on in Palestine," Tarasenko said, "a fight which amounts to war."

The reluctance of the other delegates to debate the U. S. proposal indicated it may run into serious difficulties despite the rare instance of U. S.-Soviet agreement.

Millionaire Named to Senate Post

Baton Rouge, La., May 18 —(UP)— Gov. Earl K. Long today appointed William Feazel, a millionaire Monroe and Shreveport operator, to fill the U. S. Senate vacancy created by the death of John H. Overton.

U. S. Sen. Allen J. Ellender, D., La., was in Long's office when he

announced the appointment. Ellender returned to Louisiana for the funeral of Overton in Alexandria yesterday.

Long had been conferring with Feazel in his office. He stepped out and said: "I have appointed him."

Feazel, 57, is a native of Union parish. He entered the oil and gas industry about 1917, buying and selling royalties in the Monroe field. Later he became interested in developments in the Homer-Haynesville area. He now is a large operator in the Carthage, Tex., field.

Feazel has been a friend of the Long family for years. He reportedly contributed \$300,000 to Earl Long's gubernatorial campaign last

winter.

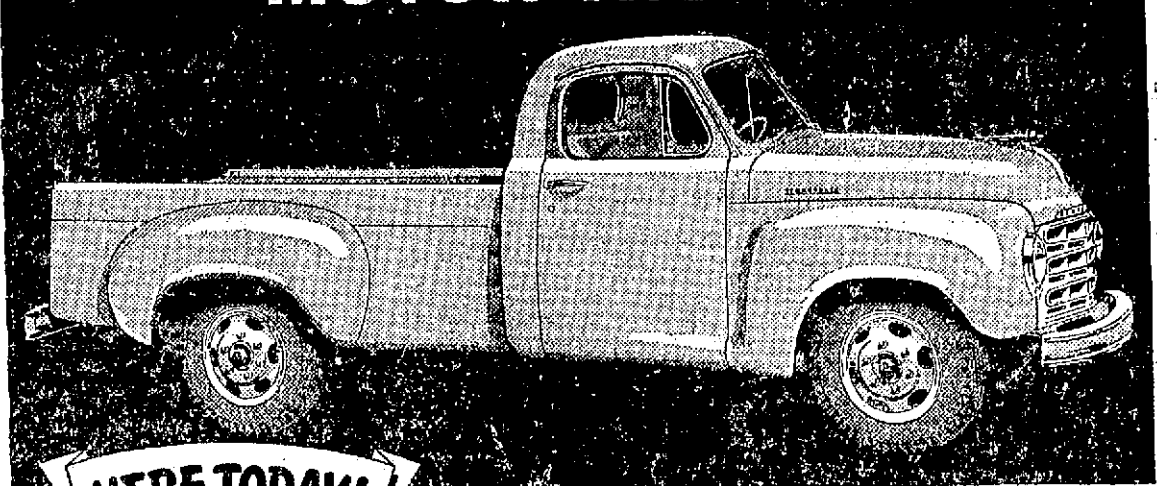

The appointment of Feazel disposed of speculation that Russell Long, Earl's executive counsel and son of the late Huey P. Long, would get the post.

Russell will not be 30 — legal age for entering the Senate until Nov. 3.

A successor to serve out the remaining year of Overton's term will be elected in November. It was understood that Russell Long would be a candidate in the election for the post.

Feazel has two daughters, Laila Feazel of Monroe, and Mrs. Gertrude Feazel Anderson of Shreveport. His wife is the former Cynthia Day of Union parish.

AMERICA'S FIRST NEW 1949 MOTOR TRUCKS

HERE TODAY!

They're brand new in design and performance — in style and comfort!

COME in and take a close-up look at the sensational new 1949 Studebaker trucks. They're outstanding in new post-war truck features you haven't seen before!

Exclusive new "lift-the-hood" accessibility! New truck cab design—with new spaciousness—new visibility—extra-wide doors—lower floors—enclosed steps!

Come, see them right away! More models than Studebaker ever offered before! An impressive variety of sizes and wheelbases!

Fair Enough

By Westbrook Pegler
Copyright, 1947
By King Features Syndicate.

To date in my revelations of political influences at work behind the blind, Republican front of the New York Herald Tribune I have stayed on the safe side of the fence and used the ring. Now we stand flat-footed. This is not reprieve. This is serious.

Last Tuesday night in Madison Square Garden a preliminary speaker, warning up the Communist crowd for Henry Wallace, incited a riot at the Roxy theatre, close by, where a film was showing called "The Iron Curtain." This is an anti-Communist film. It is belated and insufficient by far to redress the record of calumnies and slanders of the movie industry to the treason of the Hollywood Muscovies over many years.

The riot against the film had been advertised in advance by the Communist press so frankly that the New York police were on the alert.

The preliminary speaker at the Garden was a notorious thief and slacker, a nimble opportunist in religious matters and a preacher of the Communist policies and program. He is known by the alias of William S. Gailmor. His original name was William Margolis. He changed to Gailmor after he had been caught stealing automobiles in New York. He has a record in the F.B.I. which appends to his criminal history a summary of his work in the field of Communist activity.

Gailmor, or Margolis, first came to notice as a self-acknowledged "famous" commentator in 1941. By 1944 he was making propaganda in a local radio station in New York for Roosevelt and the fourth term. The investigation was difficult and I was unable to trace him until after election. I then presented his criminal, and psychiatric, history to Ed Noble, the president of the old Blue Network, a New Dealer who did very well by himself in the radio business. Noble called in his "personnel" chief, who produced a pedigree filled in by Gailmor. In the space slugged "religion," the answer was "none."

About 24 hours later, learning that he was discovered, Gailmor confessed his past to his employers but said he could not be a Communist because he was a very religious man. He had, in fact, been educated to be a rabbi but had abandoned that career after his arrest. He escaped a prison term by accepting a commitment as a victim of a mental disorder, called a "compulsion neurosis." He couldn't resist the temptation to steal that is the trouble of all thieves.

Gailmor is a sturdy six-footer weighing 200 pounds and still in his thirties. But he wasn't called on to go to the yard because he was regarded as a psycho, the excuse of many cowards. The Blue Network insisted on keeping him for a time, but his Communist line and his association with Communists were so obvious that finally the network was dropped. He fell back into the small time on radio with a prosperous sideline of lectures to Jewish religious groups, which seem to have been deceived regarding his political background.

When Henry Wallace set out on his northwestern tour last winter, Gailmor bobbed up in the troupe in the role of money-raiser. He dis-couraged a patter to loosen up the suckers and he and his assistants were using a large milk-can to carry off the collections.

The New York Herald Tribune had a reporter along who wrote a special story about Gailmor. It was amusing and altogether in the favor of the man. It made no mention of his communist associations or his criminal past.

Some time later I published for the first time the notorious Gailmor letters. Henry Wallace was called on to say whether he had written them or to admit that he had. At a press conference a reporter for a radio station, not a newspaper reporter, although there were many newspaper reporters present, asked him to say whether he had written them. Wallace evaded with a vague reference to an "irresponsible columnist," meaning me. The letters, incidentally, reflected an unbalanced emotional or mental state on the author, whoever he was.

The Herald Tribune completely ignored the subject of the Gailmor letters. It has not mentioned them yet although I can say that it made an investigation of them several years ago. That it was not ignorant of their existence or their bearing on Wallace.

On the night of the riot at the Roxy theatre Gailmor said that the platform of Henry Wallace's rally in the garden: "A few blocks down the street they are going to show a Fascist picture that should be boycotted by every right-thinking person. So you know what to do."

At the close of the rally a screaming mob of 2,000 Communists went

Around the Arkansan Sport Circles

By J. R. ANDERSON
Little Rock, May 18.—(AP)—Tami Maurelio, rated as one of our better heavyweight pugilists and a member of the I-fought-Joe-Louis Club, believes the Brown Bomber will flatten Joe Walcott in their second go next month.

The tubby pitcher in Hot Springs to reduce for a tour of the prize rings of Europe doesn't think the match between champion Louis and Walcott will last more than 10 rounds.

Any who once knocked Louis off his feet two years ago in a scrap that lasted one round (Tami wound up not hearing the ten-count) wants Louis to win and even has hopes of getting a bout with the winner of the Louis-Walcott showdown.

The 25-year-old Maurelio is seeking to scale his weight from 230 pounds to two hundred. In an interview in Hot Springs he put in a plug for the said Tami, "Hot Springs is the best place in the world to prepare for a fight."

When the Fort Smith Giants of the Western Association arrived in Leavenworth, Kas., last week, they promptly were clapped in the city jail. It wasn't any Yankee trick—it was a gag. It seems Leavenworth was staging a pioneer celebration and the Fort Smith boys unwittingly appeared on the streets sans whiskers and western garb. Each player was fined 25 cents. After that, the Arkansans could walk the streets of Leavenworth without a beard.

Hot Springs' new high school football coach, Joe Dildy, will use the Notre Dame system next fall. In a talk to prospective Trojan players, Dildy told them that "football must come from your heart," and that Hot Springs would have as good a team as the players wanted.

In the state collegiate track and field meet here last Saturday, Arkansas State, winner of the meet, lost its first mile relay of the season. It wasn't any record and didn't make any difference because state had clinched the title. The Indians failed to place, largely because Paul Mason and Billy Thornton had run a half-mile a few minutes earlier.

Two brothers on state's team were point winners. Capt. Harold Mason tied for second in the pole vault and placed third in the discus throw. Brother Paul ran second in the half-mile.

After checking times recorded in Arkansas track meets with those in other states, the question has arisen—can our boys pick 'em up and lay 'em down as fast as those in other states? Jack Keedy of the Democrat brought up the question and got an affirmative answer from Little Rock high school's athletic director Earl Quigley, who's been watching athletes come and go for 25 years.

Referring specifically to the 100 yard dash, "Quig" had this to say: "It's the timers, that's the difference. Every one of them react different. Some of them see the stroke of the starter's gun before others. Some press their watches quicker than others. Our timers, both in the State high school and college meets, came up with exactly the same times on many events. When three men start a race, it's unusual and we figure we are getting just about as close as possible to the correct time."

What does "Quig" think should be done to eliminate the human element?

To the Roxy. There was disorder and several persons were injured. Howard Rushmore, of the Journal-American, an ex-Communist who formerly worked for the Daily Worker, wrote that the riot was actually sponsored by an organized Communist front. He named several well-known local Bolsheviks as the leaders.

Now to surround the Herald Tribune.

Last Oct. 5, Gailmor made a local broadcast over WHN in New York with a guest artist who was Joseph C. Herzberg, the city editor of the Herald Tribune. Herzberg had written a part of it and edited a new book called "Late City Edition."

In his introduction Gailmor praised Albert Maltz, one of ten Hollywood rewrite hands indicted for refusal to answer before the Thomas committee whether they were or ever had been members of the Communist party. He also quoted Maltz in defense of himself and the other nine as "the conscience of mankind."

Gailmor then introduced Herzberg as an extravagant terms. This thief and renegade of both his religious faith and the profession of journalism turned out to be an old friend of the city editor of the Herald Tribune, which professes to be a Republican paper. Gailmor called the city editor "Joe." Herzberg called him "Bill." The Herald Tribune received the doubtful compliment of recognition by Gailmor as "a great newspaper."

It is the job of the Daily Worker and Pravda in his estimation. Herzberg said the only test of a reporter's work on the H-T was "Has the story been covered faithfully?"

As a test of the truth of that statement and of the Herald Tribune's conduct these facts are submitted. Herzberg is a friend of a notorious rogue who is a discredited and decent journalist and whose city editors friend, or was the victim of editing to that effect. Herzberg's reporters, as presented in print, did not mention any of the great volume of information which unmistakably associated the city editor's friend with a number of Communist fronts. The Herald Tribune ignored Gailmor's inflammatory remarks at the garden and the ensuing riot.

This is too close to the real thing to be dealt with as an innocent vagary of the H-T.

I have never known of any newspaper in which all this queer business could have been pulled off without the intelligent knowledge of the owners and their consent or submission.

SPORTS ROUNDUP

By Hugh S. Fullerton, Jr.

Death Racing Car Was in Good Shape

Indianapolis, May 18.—(UP)—Officials of the Indianapolis Speedway said today that the racing car in which Ralph Hepburn crashed in his death Sunday met all specifications before it was allowed on the track.

They said that as far as the speedway was concerned, the crash was "a closed incident."

Cliff Bergere, a veteran driver, charged yesterday that the death car was a Novi special owned by Louis Welsh of Novi, Mich., was faulty.

He said Novi's other racer which has been entered in the 500-mile Memorial Day race was a twin of the one in which Hepburn was killed and was equally "wrecked."

"I don't think the Novi cars should be allowed to run," he said.

Bergere had a smashup Friday in the racer which Hepburn drove on the death run. He escaped injury, but resigned from the Novi team.

What-a-Vote

What-a-Man? Shires, now a candidate for the Texas legislature says he will "fight the battle of the little man."

The guy must be slipping; when he was in the majors, Art always picked on the big guys to start fights.

THERE'S a big day coming soon—the day when you get your diploma. At your graduation exercises you'll hear two things mentioned often—the opportunities and the obligations of manhood. Those aren't just words. They deserve the serious thinking of every high school graduate.

As an American citizen your opportunities are greater than in any other country on earth. And for that very reason you have an obligation to defend America and its freedoms—to make this way of life secure.

By enlisting in the Army or Air Force after graduation you will be discharging your debt to your country. At the same time you can take advantage of one of the finest opportunities ever offered a young man.

CHOOSE YOUR FIELD OF SPECIAL TRAINING BEFORE YOU ENLIST!

If you are 18 to 34 (17 with parents' consent) and a high school graduate, you can select your course of training in the Army or the Air Force before enlisting.

Under the Army Technical School Plan you can specify two different courses that appeal to you in each of two fields. The Army will check to make sure there is an opening in one

Braves Dubbed the Team to Watch

By JOE REICHLER

Associated Press Sports Writer
They may rave about the wonderful St. Louis Cardinal pitching staff. They may gape in awe at the New York Giants' devastating power. They may admire and envy Brooklyn's depth with its youth and speed. The solid team in the National League, however, is the Boston Braves.

Boston is not in first place. The Cards hold that spot and the Giants are second. The Braves are third, but only because they got off to a miserable start. They dropped six of their first seven games.

Since then Boston has won 11 and lost four, the best record by far. In the circuit for the period, Billy Southworth's men haven't lost since May 9.

They open a 14-game home stand

tonight, boasting the league's No. 1 pitcher in Bill Voiselle, No. 2 batter in Tommy Holmes, the best fielding percentage of any club in the circuit and a four-game winning streak.

The Braves ended a successful road trip last night by crushing the Dodgers in Brooklyn, 12-3, and marked their fourth straight win over Brooklyn without a setback. It also gave them a record eight victories in 11 road games.

Another hot club, the Philadelphia Phils, defeated the New York Giants 7-1. The victory moved the Phils up to fourth place, only three percentage points behind the Braves.

Johnny Blatnik paced the Phils' 10-hit attack against Bobo Newsum and three successors. The rookie outfielder, cracked the hits in four times up to wrest the league's batting leadership from Boston's Tommy Holmes with .450 to .435. He has hit safely in nine consecutive games.

Those were the only game scheduled in the majors.

Studies of very low temperatures are called cryogenics.

To Men of the High School CLASS OF '48

of the four courses you have selected, and a place will be reserved for you in that course. Then you enlist for 3, 4 or 5 years, and after passing the physical and mental examinations and completing basic training you will be guaranteed training in your chosen field.

The Air Force offers a similar opportunity in its Aviation Career Plan, giving you a pre-enlistment choice of 3 among the more than 40 USAF Specialist Schools. There is no better way to get a start in the great and growing field of aviation.

Either plan gives you good pay, excellent training and a splendid chance for advancement in a real career. You can get full information, including lists of available Specialist Schools and Technical Courses, at your nearest Army and Air Force Recruiting Station.

To Men with 2 Years or More of College WIN YOUR WINGS with the Aviation Cadets

If you are single, 20 to 26 1/2 years old, physically sound, and have completed at least 2 years of college or the equivalent, you may be qualified for pilot training as an Aviation Cadet. Get full details now. Next class starts July 1, 1948.
